

# Flapjacks

*For the Flapjacks you will need:*

*2 eggs*

*250ml milk*

*125ml sugar*

*500ml cake flour*

*4 teaspoons baking powder*

*pinch of salt*

*2 tablespoons melted butter*

*oil for frying*

*Blueberries, grated cheese and syrup - all optional for serving*

*Mix the eggs and sugar, add the milk and melted butter and mix well. Add the sifted flour, baking powder and salt, at this point don't over mix, mix until combined. Add 2 tablespoons of oil to a shallow frying pan, and fry tablespoons of batter on a medium heat until golden brown. Be careful not to overheat the pan as the flapjacks will burn and still be raw, I prefer to rather fry them over a lower heat, even though it takes a bit longer....*
